About us

Changzhou Kadi International Trade Co.,Ltd is a professional supplier that is concerned with top quality Steel, Stainless Steel, Aluminum, Zinc Alloy Casting parts and Powder Metallurgy parts.

Based on more then 10 years experience cooperated with reliable suppliers, kadi established on July, 2010. All of our products comply with international quality standards and are greatly appreciated in a variety of different markets throughout the world.

As a result of our high quality products and outstanding customer service, we have gained a global sales network reaching Australia, England, Holland and South Africa.

If you would like to discuss a custom order, please feel free to contact us. We are looking forward to forming successful business relationships with new clients around the word in the near future.

Purpose

Our company inherits the enterprise tenet of "integrity-based , customer first, Top quality , whole staff participating, ceaseless improvement and pursuing excellence".

Service

Our well-equipped facilities and excellent quality control throughout all stages of production enables us to guarantee total customer satisfaction.

Grip Handle/Custom Vinyl Grips

Providing quality protection programs for customers is our long-term goal, which guides our continuous improvement and exploration in the field of protecting products. At present, we have the production capacity of dip molding, injection molding, extrusion and blister, the products are widely used in automobile, electronics, communication, aerospace, garden tools, hardware tools, machinery, daily necessities and gifts industries, to provide customers with novel, unique, high quality, convenient products and services.

Grip Handle/Custom Injection Grips

Providing quality protection programs for customers is our long-term goal, which guides our continuous improvement and exploration in the field of protecting products. At present, we have the production capacity of dip molding, injection molding, extrusion and blister, the products are widely used in automobile, electronics, communication, aerospace, garden tools, hardware tools, machinery, daily necessities and gifts industries, to provide customers with novel, unique, high quality, convenient products and services.
